2018 Slab Terms & Conditions

- **Confidentiality** - The information contained in this list is being provided to specific customers of Arizona Tile. This price list is a protected trade secret pursuant to the Uniform Trade Secrets Act (Cal. Civil Code §§ 3426, et seq.), as it contains information not available to the general public. Disclosure of the information contained in this list without the express consent of Arizona Tile, LLC is prohibited. In the event of an unauthorized disclosure of information from this list, Arizona Tile shall seek legal action against any persons or entities who made the unauthorized disclosure. Such legal action may include injunctive relief, the recovery of monetary damages, and the recovery of legal costs and fees incurred in pursuit of any necessary legal action.
- **Terms of Sale** - Possession of this price list is not an offer from us to sell. All orders are subject to acceptance by Arizona Tile. **Prices shown in this price list supersede all previous price lists and are subject to change without notice.** We reserve the right to invoice all merchandise at price in effect at time of shipment.
- **Account Payment Terms** - - Our Terms are **NET 30** days from date of invoice for open accounts. Past due balances may be charged a 1.5% per month service charge. Accounts with balances over 60 days or which have exceeded established credit limits will be placed on **C.O.D.** automatically and will not be reinstated until the past due or current exceeded balances are paid. All orders will be considered C.O.D. unless an account has been established with prior credit approval
- **Sales Tax Exemption Certificates** - All sales will be taxed according to applicable state and local guidelines. Only after an original signed resale certificate is on file with Arizona Tile will any purchases be invoiced without sales tax. We may ask to update this certificate from time to time. Certain items such as tools may be taxed even after a resale certificate has been filed. If sales recorded as non-taxable are later determined to be taxable due to no resale certificate being on file or due to invalid resale certificate, the purchaser will be responsible for any unpaid tax.
- **Use Constitutes Acceptance** - Please inspect all material before installation. Arizona Tile will not accept any claims for material and/or labor due to material characteristics after fabrication and installation. Variations in color and veining are inherent in natural stone. Samples are not always indicative of current lots. Back charges or offsets must be inspected and approved in advance by Arizona Tile and an adjustment form issued by an authorized representative of Arizona Tile.
- **Special Orders** - Special Order material is non-returnable and non-refundable. A 50% deposit is required prior to the order being placed with the source. These orders are non-cancellable after they have been ordered.
- **Slab Transfer Charges** – Customers requesting to approve slabs at one Arizona Tile facility and have them transferred to another Arizona Tile facility may be charged a minimum \$100 per slab transfer fee. This fee must be collected prior to the shipment of the slabs. Slabs must also be paid in full prior to shipment for C.O.D customers. Slabs transferred between Arizona Tile locations may not be canceled or returned.
Note: Some destination locations may not be applicable to transfer slabs to, based on the origin location.
- **Slab Deliveries** - Most Arizona Tile slab facilities have the resources needed to deliver slabs. Please contact your local slab order desk for delivery schedules, cutoff times and coverage areas. Deliveries of less than three (3) slabs are subject to a delivery charge.

ARIZONA TILE

2018 Slab Terms & Conditions

- **Slab Return Policy** - Once the slabs have been delivered or picked up from Arizona Tile they are the responsibility of the Fabricator. In order to return slabs for credit the following steps must be followed:
 - A. The fabricator needs to fax Arizona Tile an invoice or pick ticket with the slab they want to return circled. Slabs will be approved for return if they match current local inventory. It takes three slabs to sell a typical kitchen, so we must have at least two (2) slabs from the same [bundle](#) in local stock to be able to approve a return. Cut, broken or damaged slabs will not be accepted.
 - B. Arizona Tile will issue an RMA (Return Material Authorization) for each approved return and send a copy to the fabricator.
 - C. The fabricator is responsible for transporting the approved returns to Arizona Tile.
 - D. Arizona Tile will assess a minimum \$50.00 per slab restocking fee.
 - E. No Single slab from a bundle purchase may be returned.
 - F. All returns must be made within 30 days from date of invoice.
- **Face Resin** — This is a common practice in the stone industry for all types of stone. Factories apply an Epoxy resin to the surface of selected colors of Granite slabs to fill in small pits, fissures and cracks. Limestone and Marble may have a polyester resin applied for the same purpose. Colors such as Seafoam Green, Serengeti Gold and Carmel Brown have large voids that must be filled with colored resin and ground up stone. The surface of these slabs may be wavy due to the hand grinding and polishing. We have indicated slabs with no Face Resin on the Price List with a single asterisk.
- **Back Mesh** — Specialty granites and marbles require an epoxy applied back mesh. The mesh is added as a protective measure during handling and transport of the product. Plaster may appear on the back of some colors that have large voids; this is done to support the resin and crushed stone during processing. Specialty stones will have a double asterisk in the Price List indicating the use of a Face Resin, Back Meshing and possible Hand Working.

* No Face Resin (see above)

** Specialty stone with Back Mesh (see above)
