Dear Suzy Morrison

Thank you for considering Interior Innovations Kitchen & Bath Design for your kitchen & bath remodel. We really appreciate your business. There are many things we have learned over last 30+ years of working with

15 YD DUMPSTER >>

1.00

Contractor shall perform all work in a competent manner consistent with standard practices in Arizona; and all

- Our price is based on a straight installation of stone or tile therefore additional cost will incur for installation of materials, patterns and or quantities different than what is listed in the agreement.
- Additional cost will incur for any bull-nosing labor (polishing of edges) as needed.
- Additional cost will incur if concrete preparation work is required for material installation.
- Grout will be sealed with clear sealant for ceramic and stone-we do not offer color sealant.
- All tile flooring pricing is dependent on a floor that is level to within 1/2" over 10'. Over 1/2" out of level will require use of mud set.

- Sometimes masonry products are discontinued and not available as originally planned. The company will present the available options to the client and the client will chose the from option available.

-

In consideration for the aforementioned materials, labor and services, the owner agrees to pay the
